PADEX PROJECT

Design Elements :

Colors: Vibrant colors that reflect movement, such as green and blue.

Fonts: Simple and modern fonts that enhance readability.

Symbols: Inclusion of sports-related symbols, like the ball or racket.

Process

Research: Studying logos of other sports games.

Brainstorming: Generating initial ideas.

Initial Design: Creating prototypes using design software.

Refinement: Modifying the design based on feedback.

Overview :

As the logo designer and social media manager for the "Padel" project, I created a logo that captures the essence of the game using vibrant colors. I developed tailored social media content to enhance the brand's visual identity, guided by customer insights to align with their needs. By ensuring design consistency and engaging with followers for feedback, I contributed to achieving the brand's goals and supporting its marketing strategy.

PADEL GAME :

The logo features dynamic shapes that suggest movement and activity, reflecting the competitive spirit of the game.

GLEAM PROJECT

Design Elements :

Colors: Soothing colors like green and beige.

Fonts: Elegant and easy to read, with curves for softness.

Symbols: Natural elements like plant leaves and flowers.

Process

Research: Analyze successful logos and the target audience.

Brainstorming: Generate ideas and sketch concepts.

Preliminary Design: Create digital prototypes with chosen colors and fonts.

I***mprovement:*** Collect feedback and make adjustments.

Overview :

TThe "GLEAM Skincare" logo enhances brand identity and awareness through elegant design and soothing colors like green and beige, reflecting quality and nature. It features distinct visuals for easy recognition and conveys a consistent message aligned with its organic philosophy, building trust and fostering customer loyalty through an emotional connection.

GLEAM SKIN CARE PROJECT

Gleam" is a fictional project that offers specialized products for all skin types, focusing on innovation and quality. The project aims to provide an exceptional shopping experience, making it the ideal choice for healthy, radiant skin.

TATWEEQ ELEGANCE PROJECT

- # Design Elements :

Arabic Calligraphy: Reflects Arab cultural heritage, adding an authentic touch and enhancing the brand's visual identity.

Typography: Selected smooth fonts convey professionalism and sophistication, supporting the brand's message.

Colors: The beige and oud colors highlight the quality of cashmere and reflect luxury and refinement.

- # Process

Research: Studying logos of other sports games.

Brainstorming: Generating initial ideas.

I***nitial Design:*** Creating prototypes using design software.

Refinement: Modifying the design based on feedback.

- # Overview :

ThThe "TATWEEQ ELEGANC" logo embodies the luxury of cashmere shawls, incorporating Jabal Tuwaiq to symbolize strength and stability. It features elegant Arabic calligraphy and modern design, using beige and oud to reflect the allure of cashmere. Cultural symbols enhance its unique identity, balancing traditional and contemporary elements. Overall, the logo reflects the brand's values and strengthens its market position.

تطويق

The logo for the "TATWEEQ ELEGANCE" project embodies the luxury and quality associated with cashmere products, inspired by Jabal Tuwaiq, which reflects strength and stability. The design combines features of the mountain, such as height and solidity, with the softness of cashmere, highlighting the balance between strength and elegance. The logo is characterized by sleek lines and warm colors that enhance the visual identity, conveying the project's commitment to quality and excellence

WORTH PROJECT

Design Elements :

colors: Red symbolizes enthusiasm and hunger, capturing attention effectively, Pink Adds a modern and playful touch

Fonts: Bold and easy-to-read fonts in red, reflecting strength.

L***ayout:*** A balanced design that is easy to recognize, creatively integrating both colors for an attractive contrast.

Process

Research: Studying logos of other sports games.

Brainstorming: Generating initial ideas.

O
Initial Design: Creating prototypes using design software.

Feedback: Gathering input from players.

Refinement: Modifying the design based on feedback.

Overview

"Worth Burger" is a fictional project aimed at offering a unique burger experience. The logo design features bold colors like red and pink, reflecting the enthusiasm and quality of fresh ingredients, with bold fonts that enhance the brand's identity.. I also produced a simple promotional video that highlights the restaurant's introduction and locations, focusing on attracting new customers. This video helps position "Worth Burger" as the ideal choice for burger lovers.
