Experience

Designer's Inspiration — Graphic & UI/UX Designer

Nov 2025 - Present

Marketing Campaigns | Packaging Design | Advertising content | Motion graphics | AI-powered design

- Delivered Graphic Design, UI/UX, Branding, and Motion Graphics solutions, creating bilingual (Arabic/English) digital experiences and visual content across web, mobile, social media, and print platforms.
- Delivered creative, user focused, and high-quality design solutions, contributing to approximately 75-80% client satisfaction and successful project outcomes.
- Developed brand identities, packaging, marketing campaigns, motion graphics, and digital content while managing projects from concept to delivery, ensuring quality, brand consistency, and timely execution.
- Transformed business requirements into impactful digital experiences using Adobe Creative Suite, Figma, and AI-powered design tools to enhance creativity, optimize workflows, and deliver high-quality solutions.

Franaccess — Graphic Designer

May 2024 - Nov 2025

Marketing Campaigns | Social Media Design | Visual Identity | Brand Guidelines

- Designed high quality visual assets for top coffee and food brands within the Franaccess portfolio, ensuring strong brand recognition and consistency across all platforms.
- Created branding materials, social media content, marketing campaigns, packaging, and promotional visuals tailored to the Saudi market.
- Developed optimized digital content for Instagram and Snapchat, translating business objectives into compelling social media designs that drove customer engagement and brand awareness.
- Managed multiple franchise design projects simultaneously, meeting tight deadlines while maintaining brand integrity and high visual quality.

Funsol Technologies — UI/UX Designer & Graphic Designer

Nov 2023 - May 2024

Adobe Creative Suite (Ps, Ai) | Figma | Design System Documentation | Interactive Prototypes

- Redesigned the user interface of a key digital product, resulting in a 20% increase in user engagement and 15% reduction in user errors.
- Conducted UX research, usability testing, and heuristic evaluations to improve overall user experience.
- Designed responsive web and mobile interfaces, ensuring accessibility and mobile first principles.
- Created branding, social media designs, and marketing materials aligned with brand guidelines.
- Collaborated with product managers, developers, and stakeholders in an Agile environment to deliver business focused design solutions.

AlphaSquad — UI/UX Designer

Feb 2023 – Nov 2023

Figma | User Experience | Tailwind CSS | User journey, flows, story mapping

- Led brainstorming sessions for product enhancement and collaborated cross-functionally to integrate feedback.
- Conducted thorough software testing and analysis, generating detailed reports and advocating for user-centric design.
- Contributed to evolving testing frameworks, stayed updated on tech trends, and optimized processes for continuous improvement.

Reach Marketing Agency — Graphic Designer

Jan 2022 – Jan 2023

Adobe Creative Suite (Ps, Ai) | Branding | Typography | Attention to Detail

- Worked with clients and creative teams to create brand-aligned designs.
- Developed illustrations and logos using various design methods.
- Refined designs based on feedback to ensure client satisfaction and consistency.
