Data & Analytics: Power BI, DAX, Power Query, Power Pivot, Advanced Excel (XLOOKUP, SUMIFS, Pivot Tables, Data Modeling), KPI Dashboards

Systems: SAP Business One, Foodics POS, Deliverect

Inventory & Procurement: Inventory Control, Stock Reconciliation, Physical Counts, Inventory Valuation, Supplier Management

PROFESSIONAL EXPERIENCE

Financial Accountant | E-Commerce Accounts **06/2025 – Present**

Tawa Food and Beverage Services – Riyadh, Saudi Arabia

- Reconcile settlements from delivery platforms (HungerStation, Keeta, The Chefz, Jahez, Ninja, Taker) against Deliverect, Foodics POS and SAP Business One general ledger records, maintaining 99%+ transaction accuracy and reducing discrepancies by 15%.
- Detected an unreported platform deduction during settlement review, escalated it to management, and recovered the amounts after a meeting with the platform.
- Identified that a marketing campaign was not lifting sales, presented the analysis to management, and supported corrective action.
- Audit platform commissions, bank fees and compensation against official invoices, improving financial tracking efficiency by 20%.
- Build automated sales, commission and KPI reports and Power BI dashboards using Power Query, Power Pivot and DAX, covering average order value, growth rates and profitability by platform.
- Support month-end close, variance analysis and management reporting, with timely and compliant delivery to senior management.

Accounts Payable & Inventory Control Specialist **09/2023 – 06/2025**

Tawa Food and Beverage Services – Riyadh, Saudi Arabia

- Managed the accounts payable cycle, processing 500+ supplier invoices monthly against purchase orders in line with company policy.
- Controlled inventory in SAP Business One and Foodics POS (stock entries, inter-warehouse transfers, adjustments, variance investigations), sustaining 96% inventory accuracy.
- Reduced stock discrepancies by 20% through structured reconciliations and physical counts across warehouses and showrooms.
- Partnered with procurement and warehouse teams to streamline stock movement, reducing operational delays by 25%.
- Supported month-end closing by maintaining AP ledgers and inventory asset records.

Purchasing and Inventory Controller **03/2021 – 09/2023**

IPack for Packaging & Printing Materials – 6th of October City, Egypt

- Controlled inventory of raw materials, packaging supplies and finished goods in a high-volume manufacturing environment using ERP tools.
- Recorded inventory entries, adjustments and material transfers, and ran physical counts and reconciliations to close gaps between physical stock and system records.

- Followed up supplier orders and matched supplier invoices with purchase orders and goods receipts.
- Worked with production supervisors to align material consumption and reduce downtime caused by stock discrepancies.

EDUCATION

Bachelor's Degree in Accounting **2019**

Faculty of Commerce, Zagazig University – Egypt
